DETAILS ABOUT PATIENT INFORMATION AND THE CONSENT PROCESS

1. How will partners use my information? If you agree, partners will use your health information to:

- Give you health care and manage your care;
- Check if you have health insurance, belong to a Health Home, and what it pays for; and
- Study and make health care for patients better.

The choice you make does NOT let health insurers see your information so they can decide to give you health insurance or pay your bills. You can make that choice in a separate form that health insurers must use.

2. Where does my health information come from? Your health information comes from places and people that gave you health care or health insurance in the past. These may include hospitals, doctors, drugstores, laboratories, health plan companies, the Medicaid program, and other groups that share health information. You can get a list of all the places and people by calling _____ or talking to your care manager.

3. What laws and rules cover how my health information can be shared? These laws and regulations are New York Mental Hygiene Law Section 33.13, New York Public Health Law Article 27-F, and the federal Health Insurance Portability and Accountability Act (HIPAA) of 1996, 45 CFR Parts 160 and 164 and the federal confidentiality regulations 42 CFR Part 2..

4. If I agree, who can get and see my information? The only people who can see your health information are those who you agree can get and see it, like doctors and other people who work for a Health Home partner and who are involved in your health care; health care providers who are working for a Health Home partner who is giving you care; and people who work for a Health Home partner who is giving you care to help them check your health insurance or to study and make health care better for all patients. When you get care from a person who is not your usual doctor or provider, like a new drugstore, new hospital, or other provider, some information, like what your health plan pays for or the name of your Health Home provider, may be given to them or seen by them.

5. What if a person uses my information and I didn't agree to let them use it? If you think a person used your information, and you did not agree to give the person your information, call one of the partners you have said can see your records or call _____ at _____ or the Medicaid Helpline at 1-800-541-2831.

6. How long does my consent last? Your consent will last until the day you take back your consent, or if you leave the Health Home program, or if the Health Home stops working.

You can take back your consent at any time by signing a Withdrawal of Consent Form and giving it to one of the Health Home partners. If you agree to share your information, all Health Home partners listed at the end of this form will be able to get your health information. If you do not wish the Health Home partners listed on this form to get your health information, you need to take away your consent from the Health Home program. You can get this form by calling _____. Your care manager will help you fill out this form if you want. Note: Even if you later decide to take back your consent, providers who already have your information do not have to give your information back to you or take it out of their records.
